Wood Door Styles

Each natural wood style is finished with a satin or semi-gloss finish top-coat that preserves the beauty of your room, and protects against day-to-day wear.

The rustic nature of this light brown wood showcases pin knots, open and closed knots, and mineral streaks that are embedded in uniform straight-grain patterns.

KNOTTY ALDER

The unique cutting of this oak creates close-knit vertical grain patterns that display a textured and figured appearance. Oak ranges in color from light tan to brown.

QUARTERSAWN OAK

MAPLE

The smooth texture and uniform grain patterns have a visible color range of creamy white to varying shades of brown, and turns amber with age.

CHERRY

The esteemed look of cherry ranges from light pink to varying shades of brown, and deepens in color with age.

OAK

Arching grain patterns are typical of the classic oak species. Natural wood colors range from light tans to dark reds and browns.

HICKORY

Bold, prominent grain patterns are characteristic of hickory. Additional features include: burls, pin knots, mineral streaks and small sound knots.

HERE'S HOW we created this look:

Wood Finishes

Design-Craft enhances and prolongs the beauty of your wood choice with a selection of finish types that seal against scuff and wear, for a room that's as beautiful in ten years as it is today.

STAIN AND GLAZE

Give your cabinets an added dimension of character and aged patina with a hand-applied glaze over a base stain color.

PAINT

Enhance the look of your cabinets with a painted finish that adds warmth and beauty with a smooth, uniform look.

SPECIALTY

These distinctive multi-step finishes add even more character. Each one-of-a-kind treatment can include hand-brushing, distressing and/or color washing.

HERE'S HOW we created this look:
