Design-Craft

Remodeling Checklist

Before you remodel your kitchen or bathroom, make a checklist of major and minor problems and keep notes of the features you like and dislike the most. This way, when it comes time to sit down with your Design-Craft Designer, they'll know exactly how to suit your needs, taste and style. Start by thinking about the details of your room and what you'd like to either keep or change in your remodeled room. Use the checklist on the following pages and make any special notes that will help your Design-Craft Designer.
